

20th International Zurich Symposium on Electromagnetic Compatibility

Topical Session on Thursday, 15 January

Title	EMC Testing Centers and Labs: Problems Related to CE Marking
Organizer's name	Levent Sevgi, lsevgi@dogus.edu.tr
Organizer's affiliation	Doğuş University, Acıbadem / Istanbul - Turkey

List of Contributions

Introductory Remarks, EMC Engineering Issues & Education/Training Challenges

Prof. Dr. Levent Sevgi

¹Electronics and Communication Engineering Dept, Doğuş University, Acıbadem / Istanbul - Turkey

²ESIM EMC Tests and Measurement Services, IMES Sanayi Sitesi C Blok

308. Sok. No:46 Yukarı Dudullu / Istanbul – Turkey

Email: lsevgi@dogus.edu.tr

20 Years Experience with the EMC Directive

Dave Imeson,

Chairman ECANB, The European Commission Association of Notified Bodies (in the framework of the EMC Directive)

Email: d_imeson@btconnect.com

Problems with CE Marking of Devices Covered by Multiple Directives

Harald Buchwald

Manager: EMC, mikes-testingpartners gmbh, Member of IEC 62A, Ohmstr. 2-4, 94342

Strasskirchen, Germany

Email: harald.buchwald@mikes-tp.com

EMC Measurements and Tests at National Metrology Institute of Turkey (UME)

Dr. Ramiz Hamid,

Head of Electromagnetic Metrology, Laboratory of UME, Gebze / Kocaeli - Turkey

Email: ramiz.hamid@ume.tubitak.gov.tr

Uncertainty on Operational Mode and on Testing

Per Thåstrup Jensen

Head, EMC Group, DELTA - Venlighedsvej 4 - DK-2970 Hørsholm - Denmark

Email: ptj@delta.dk

Changing Standards and Test Equipment Requirements

Nicholas Wright

EMC Partner AG, Baselstrasse 160, CH - 4242Laufen, Switzerland
